Pine Hill Cemetery

Part I

Early Records

Old Bridgewater Historical Society

The Old Bridgewater Historical Society wishes to express grateful thanks to Mrs. Barbara Copeland Birkhimer, a Life Member of OBHS, who painstakingly computerized the records of the Pine Hill Cemetery Association in West Bridgewater, Massachusetts. Thanks, also, to the Officers, Board of Directors and Staff, particularly Mrs. June Perkins, of the Pine Hill Cemetery Association for their willingness to allow this Project to go forward and for their assistance toward the successful completion, resulting in this book.

Not only did Mrs. Birkhimer go to great pains to produce these records over several years, she has gifted the information to OBHS in order that publication and dissemination of the information she has prepared can be made available to the greatest number of people possible. To Mrs. Birkhimer, the OBHS owes a great debt, and we appreciate the thoughtfulness and dedication she has exhibited in this effort. She has tried diligently to make this information "user-friendly" and we hope that you will find it so.

The Old Bridgewater Historical Society was chartered by the Massachusetts Legislature in 1894 for the purpose of collecting, preserving and publishing material related to the colonial township of Bridgewater, which includes Bridgewater, East Bridgewater, West Bridgewater and North Bridgewater, now Brockton. The research materials and artifacts of OBHS are housed in a Museum built for the purpose on Howard Street in West Bridgewater, on land donated by the Howard Family.

OBHS is pleased to report that there are more than 650 members in every State in the Union and several members in foreign countries. A Newsletter is published on a monthly basis to keep the membership informed of activities and publications offered. There is,

generally, a paper on a topic of historical interest contributed by the membership. A popular section of the Newsletter is called "Unsolved Mysteries", in which a member can ask a question relating to an event, person or place, which, hopefully, another member can answer.

The Society owns the Rev. James Keith House, believed to be the oldest existing parsonage in America, located on River Street in West Bridgewater MA. The house is open during the summer months for public tours and workshops, and at other times by appointment.

If you are interested in receiving the Newsletter or a listing of publications offered by OBHS, please send your inquiry to

Old Bridgewater Historical Society
Post Office Box 17
West Bridgewater MA 02379.

Pine Hill Cemetery

Part I

Compiled for the use of genealogists and historians
for the Old Bridgewater Historical Society

with the cooperation of the
Pine Hill Association Board of Directors
under the direction of the late
Ervin Gardiner Lothrop, President

In the compilation of these records, special thanks go to

Mrs. June Perkins
Cemetery Office Administrator

for her willingness to cooperate with me
and to share her insights.

This is an ongoing project, starting with the older portion of the cemetery. Part II will follow within the next year. In the more than five years I have worked this I have found errors in the records (many of which June has found and corrected), and some illegible hand writing. These records were begun in the mid-1800's, and have not always been entered with care. In a project of this sort mistakes will be made, I apologize for mine and hopefully present this as a usable resource.
